

College of Design Academic Progress Regulations

Proposed "Iowa State University Catalog" changes for the College of Design. This addition would appear on p. 46 of the current Catalog in the "Additional Academic Progress Regulations" section.

Design: In addition to the requirements listed above, students in the College of Design who have attempted thirty (30) credits or more will be placed on temporary enrollment at the end of any semester in which their cumulative grade point average fall below 2.00. Students placed on temporary enrollment under the provisions of this requirement will be dismissed from enrollment in the *college* if they fail to achieve, for the following semester, at least a 2.00 grade point average for that semester.

Summer term grades will be combined with the student's grades for the prior term to compute a single semester grade point average to be used for temporary enrollment and academic dismissal decisions.

Students considered for academic dismissal at the end of a spring semester under provisions of the preceding paragraphs will be permitted to enroll for the following summer session.

Students who are dismissed from the College of Design must seek admission to another college before the beginning of the following semester to stay enrolled in the university. Proof of admission to another college must be presented to the College of Design by the last business day before the beginning of the following semester. Students who fail to do so will be dismissed from the university.

Note: Students dismissed from the College of Design who do not want to register for the following semester may register for a later semester but only if they have secured admission into another college.

Implementation: There is still the issue of when this policy would be implemented: Fall 2003, or waiting until the 2005-2007 catalog comes out. It seems unlikely that this will make it into the 2003-2005 catalog.
