

The following language is on page 44 University Bulletin: Examinations; section 2):

"All tests ...A department may request permission to administer a separately scheduled examination if all of the following criteria are met: (a) the course is multi-sectioned; (b) a common departmentally developed examination will be administered to all students in all sections at the same time; and (c) the test scores will be used as a basis for uniform grading procedure for all sections of the course..."

In section 3b, there is mention of the special group exams, but it is not clear whether the same 3 criteria are required to hold a special group exam during the finals week as well.

A motion was made by Schilling to include the same criteria that are used to determine eligibility to schedule special group exams during the semester to be applied for the final exams. However, before proceeding further, feedback should be sought from the Registrar.
