

The following language (**bold**) should be added to the University Catalog at the end of the following paragraph on p. 51 (as in the 2007-2009 catalog):

The focus of the International Perspectives requirement is the global community. Its objective is to promote students' understanding of cultural diversity and interdependence on a global scale. A period of immersion in a foreign culture is often a particularly effective way of meeting these objectives, so Iowa State University encourages the use of study-abroad experiences as a means of fulfilling the International Perspectives requirement. International students, because they are "studying abroad" from their home country's perspective, are normally deemed to have met the International Perspectives requirement. **The International Perspective requirement shall be waived for US Military veterans who have completed at least 3 months of service stationed outside of the United States.**

Approved by Faculty Senate Curriculum Committee, Academic Standards and Admissions Committee, Academic Affairs Council and Executive Board of the Faculty Senate.
