

## RECOGNITION AND DEVELOPMENT COMMITTEE ANNUAL REPORT (4/20/2018)

### I. FOREIGN TRAVEL GRANT PROGRAM

#### FTG Program Details

The Foreign Travel Grant program is open to all faculty for university-related travel to foreign countries for scholarly activities and it offers financial support for travel. These funds reduce the financial burden for Iowa State University faculty traveling the world as invited experts delivering keynote addresses, top researchers sharing their results, and renowned scholars sharing their gifts. These opportunities are extremely valuable for faculty professional development and establishing an institutional prominence internationally.

The Faculty Senate recognition and development committee used a total budget amount of \$63,219 for the 2017-2018 academic year. The committee appreciates the contributions from the President's office of \$25,000. These resources were distributed between three travel cycles (Cycle 1 – 16 August 2017 - 13 May 2018, Cycle 2 – 17 January 2018 - 15 August 2018, and Cycle 3 – 16 May 2018 - 16 January 2019) for this academic year. A competitive three stage review process was completed using the departmental review, college ranking, and the university ranking. The funded applications provided up to 75% of the round trip fare quoted by an ISU Official Travel Agent obtained by the Faculty Senate Office or 75% of the actual fare, whichever is less.

#### FTG Program Participation

The volume of Foreign Travel Grant applications received in one academic year has remained fairly constant over the last 11 years with an average of 98 applications received per year. Table 1 shows the number of applications received and number approved each academic year. The percent of approval ranges from 48% to as much as 90%.

**Table 1. Total number of applicants and percent approved by years**

<b>Academic year</b>	<b>Number of applicants</b>	<b>Number approved</b>	<b>Percent Approved</b>

Participation in the program by colleges does vary without any identifiable trends. Colleges with a low number of applications typically have a higher percentage of Foreign Travel Grants approved. In the current academic year (2017-2018) all colleges had 73% or more of their applications funded (see Table 2.)

The cost supported by the Foreign Travel Grant is a percentage of the air fare. Table 3 shows the estimated full air fare cost and the estimated 75% of the air fare for all applications during each academic year. Variation in air fare rates, when tickets are purchased, and differences in destinations for travelers contribute to the fluctuation over the years. The average cost of air fare per applicant for 2017-2018 was \$1,247.

#### FTG Program Destinations and Activities

Faculty travel includes many different locations. The destinations and number of faculty visiting these destinations are listed by continents in Table 4. These destinations are for the past 7 years. The two destination continents with the largest number of visits are Europe with 224 and Asia with 104. All the other continents combined had only 80 visits, combined.

There are numerous variations in the activities for each of the Foreign Travel Grants awarded. Sometimes there are combinations of activities that a faculty will accomplish during his or her travel. Regardless of the number of activities included in the faculty's trip, the primary activity for the trip are listed in Table 5. The most frequent activity in the past five years is presentation of a contributed paper (199) followed by invited paper or speaker (89).

### FTG Program Summary

The Foreign Travel Grant program remains vital to the professional development of Iowa State University Faculty. Every cycle there are typically more applications received by the program than can be funded. There are worthy applications not being funded because of budget constraints. The Committee continued to divide the budgeted amount used by each cycle differently. The amount allocated in each cycle was based on volume of previous year applications. This year distribution was approximately 25, 33, and 42 percent for cycles 1, 2, and 3 respectfully.
